The Office for Personal Data Protection of the Slovak Republic (hereinafter as the "Office") is a member of various european and international groups and cooperates with several partners. These represent the European Data Protection Board (EDPB), the Council of Europe T-PD Consultative Committee and the Global Privacy Assembly (GPA). The Office actively takes part in the work of various working expert groups, the role of which is mainly drafting guidelines on the application of the General Data Protection Regulation (GDPR) and opinions on the application of the Council of Europe Convention for the Protection of Individuals with regard to Automatic Data Processing (ETS 108) and supervision of the protection of personal data processed within the framework of the Schengen acquis, etc.
